Favorite Travel Destination for 2013

## Mojito

"A refreshing Havana-inspired rum drink. For when you're expecting Hemingway over, or just having a barbeque on a nice summer day."

- 1/2 teaspoon confectioners sugar
- 1/2 lime, juiced
- 1 sprig fresh mint, crushed
- 1/2 cup crushed ice
- 2 fluid ounces white rum
- 4 fluid ounces carbonated water
- 1 sprig fresh mint, garnish

In a highball glass, stir together the confectioners' sugar and lime juice. Bruise the mint leaves and drop into glass. Fill glass with crushed ice and pour in rum. Pour in carbonated water to fill the glass. Garnish with a sprig of mint.

## Absolute stress

"One is enough to relieve most stress levels!"

- 1 fluid ounce vodka
- 1 fluid ounce dark rum
- 1 fluid ounce peach schnapps
- 1 fluid ounce orange juice
- 1 fluid ounce cranberry juice

In a cocktail shaker, combine vodka, rum, peach liqueur, orange juice and cranberry juice. Shake well. Pour over ice in a tall glass and garnish with a slice of orange and a cherry.

## Long Island Iced Tea

- 1 jigger vodka
- 1 jigger gin
- 1 jigger rum
- 1 jigger triple sec liqueur
- 1 teaspoon tequilla
- 2 teaspoon orange juice
- 2 fluid ounces cola-flavored carbonated beverage
- 1 wedge lemon

In a cocktail mixer full of ice, combine vodka, gin, rum, triple sec and tequilla. Add orange juice and cola. Shake vigorously until frothy. Strain into a Collins glass filled with ice, and garnish with wedge of lemon.

"Watch out, it is very strong, but tastes very good, so you may not realize all the alcohol you're consuming."

## Strawberry Daiquiri

"A frosty blender full of strawberry-citrus slush. You will enjoy this with or without the rum!"

- 6 cups ice
- 1/2 cup white sugar
- 4 inches frozen strawberries
- 1/8 cup lime juice
- 1/2 cup lemon juice
- 3/4 cup rum
- 1/4 cup lemon-lime carbonated beverage

In a blender, combine ice, sugar and strawberries. Pour in lime juice, lemon juice, rum and lemon-lime soda. Blend until smooth. Pour into glasses and serve.

# Summer Flirt Tips

## 1. Location, location, location

If you're interested in making real live human connections, you must position yourself accordingly. As you walk into the bar, restaurant, or steamy subway car, sit in an easily approachable area. The shadowy corner in the rear of the room surrounded by a host of friends is not an ideal spot to entice new interactions.

## 2. Practice Makes Perfect

Quality flirting begets more quality flirting. So in the Smitten philosophy we never ration our flirtatious energies. Instead, we flirt all the time. This doesn't mean that you're open season for unwanted sexual encounters. It just means that you create playful, friendly, fun interactions from the minute you set foot out your door

## 3. Uncork Your Joy

You really wanna be a Smitten super-star? Try this flirtation whopper: unselfconscious, uninhibited expressions of joy. We are flummoxed as to how "playing it cool" became the standard for anything, especially in romance, where the whole point is passion. The truth is that underneath the cool façade is fear.

## 4. Body Talk

Your body language says it all: "Come talk to me", or "Stay away" Out of intimidation and fear we tend to close off physically, hunching our shoulders or dropping our head when we smile - major flirtation fails. Next time you're talking to an attractive stranger, keep your head lifted, shoulders squared, and heart wide open. Physically showing you are available will naturally set the stage for sexy flirtatious fun times.

# SUMMER LOVE

## 5. You Better Recognize

There is nothing more arresting than being seen. Each of us craves recognition for our distinctive qualities, whether it's our sunny smile, our uncommon wit, or the ethereal grace we exude as we stride through a room. Making an astute observation about your object of attention will show that you see them and appreciate their particular nuances - they are not just another face in the crowd, they are special.

## 6. Flirt Unto Others

Flirtation can be quite delicate territory, since it involves matters of both the heart, and loins - two very vulnerable spots. Because of these high stakes, flirtatious encounters can quickly transform perfectly honest folks into lying sacks of shit. As such, it is imperative that you check your urges to misrepresent yourself and abide by the Smitten code to always be real. If you are an assistant, do not pretend to be the editor. If you are drowning in debt, do not behave like a high roller. If you have four kids from a previous marriage, don't act like you've never changed a diaper. First, your lie will be found out, and it'll be a really embarrassing turn-off. Second, the brilliant flirt owns and rocks exactly who/what/where they are in this moment in this life, without apologies, no matter what the circumstances - and that is mad hot. So flirt unto others as you would have flirted unto yourself by being totally, unapologetically real.

## 7. Rejection Shmejection

Seriously sexy writer/poet/philosopher Ralph Waldo Emerson offered this invaluable flirtation advice well over a century ago: "Do not waste yourself in rejection; do not bark against the bad, but chant the beauty of the good." If you are going to be a brilliant flirt, you must be courageous enough to open up and give your attraction a shot. If the object of your flirtation doesn't pick up what you're laying down, don't waste an ounce of energy taking it personally, for nothing is personal. They simply aren't the right fit, are otherwise engaged, or you remind them of their little sister, and no one wants to make out with their little sister. So never let rejection dampen your game. Instead lift your chin, take a deep breath, and set your beauteous gaze in a brand new direction.

### Shower and Moisturize

You've undoubtedly applied layer upon layer of sun-screen, and swam around in the salty ocean; it's time to clean your body to get rid of the build-up. Upon drying off, apply a moisturizing body butter to your entire body. The salt and sun can be very drying to your skin, so you need to rehydrate it.
